## FEEL YOUR BEST—NOT YOUR BEST FOR YOUR AGE. JUST YOUR BEST.

This in-depth consultation is designed for anyone who wants to truly understand their face, skin, and ageing journey—not just on the surface, but at every layer.

As a highly experienced medical practitioner and full-face specialist, I've spent years refining a holistic approach that combines science, artistry, and genuine care. I don't just treat areas—I assess the whole face, its structure, movement, and skin health to create results that are natural, balanced, and long-lasting.

# WHAT TO EXPECT

During your Glow Strategy™ consultation, we'll cover:

- Medical, lifestyle and skincare history – to understand the internal and external factors influencing your skin and how you age.
- Advanced skin analysis – using cutting-edge technology to assess hydration, texture, pigmentation, and underlying skin concerns.
- Facial profiling and harmonisation – a detailed analysis of your facial structure, symmetry, and proportions to guide tailored, natural-looking enhancements.
- Bespoke treatment planning – covering injectables, skin treatments, biostimulators, and regenerative options aligned to your needs and goals.
- Prevent, Treat, Maintain – your personalised Glow Strategy™ designed to support graceful ageing and long-term results in a way that suits you.

# WHY A GLOW STRATEGY CONSULTATION IS IMPORTANT

My Signature Glow Strategy Consultation goes far beyond a standard clinic appointment. It is a science-led, deeply personal assessment designed to remove guesswork and create a clear, realistic roadmap for your skin.

At the heart of the Glow Strategy™ are five key stages, each with a specific purpose and benefit.

1. Analysis (Facial Assessment and Skin Scanner)
2. Conditioning (Optimisation of Home Care)
3. Repair and Regeneration (Skin Treatments and Bio Stimulation)
4. Refinement and Restoration (Toxin and Filler)
5. Maintenance (Review and Ongoing Care Plan)
